March Recap

Cycle 3 ended on April 4th! Students are wrapping up another cycle of intervention. Staff will gather to review specific students' intervention data to discuss possible adjustments to support student growth. Cycle 4 begins April 7th, after spring break!

Coming up in April

Starting April 28th through May 2nd, Spring benchmarking testing will begin. This is our 3rd and final screener benchmarking of the year. The purpose of these screeners is to give insight into how students are performing academically. Benchmarking provides a quick snapshot of our students' knowledge in math and reading for teachers. Teachers can identify what skills and components they will need to focus on, which teaching strategies to implement, and which students may benefit from intervention support. **If you have any questions about screeners, intervention, or Title/LAP, please contact Monica Snodgrass.**

Tips and suggestions for reading!

1. Look through the picture book before reading to encourage your child to create questions or ideas about what might happen in the story.
2. Go over key vocabulary ahead of time. Create hand motions to go along with it as you read the story to make it more interactive.
3. Take turns reading sentences, paragraphs, or pages.
